

Lesnes to Crossness green link project

We are starting the first phase of our project to improve the green spaces between Lesnes Abbey and Crossness Pumping Station. This means that the area bounded in red, below, will be closed to the public from 16 February 2015 until 29 May 2015.

We would like to thank you in advance for your patience and co-operation and apologise for any inconvenience caused.

If you have any concerns about site security, please contact Peabody Direct on 020 7021 4444.
